CSF Chapter Application

Our prayer at Corrections Staff Fellowship is that the Lord would call staff throughout the corrections community to begin local CSF Chapters. We believe that it will be through groups of staff meeting in Christian community in probation, prisons, and parole that our mission of "*Advancing Integrity in Corrections*" can most effectively be accomplished. Here are the guidelines for beginning a local CSF Chapter:

First, and most importantly, pray for the Lord's guidance and direction in every aspect of the planning and conduct of your CSF Chapter. As God's Word tells us, "Unless the Lord build the house, its builders labor in vain." (Psalm 127). Advice and assistance are available from CSF in the planning of your Chapter, and for the format and content of Chapter meetings.

Select a leader, meeting place, and regular day and time to meet. Leaders may be staff of any job classification.

Have the Chapter leader complete this application form and return it to the CSF office. Keep a copy for your records. The leader must concur with, and agree to conduct Chapter activities in accordance with the CSF Statement of Mission and Faith (as published in *Integrity Journal* and on the CSF website).

By being recognized as a CSF Chapter, you will be free to use the CSF organization name and logo. Your Chapter information will be published in *Integrity Journal* and on the CSF website. For additional information about establishing a CSF Chapter, please contact the CSF office.
